## **EXECUTIVE SUMMARY:**

1. CSD has been in the forefront from the last 20 years building peoples' capacity. It has been working together with different NGOs partners, POs, Civil society organizations, women society in the north east on different issues base on non violent and democratic process. It is also lending its expertise in the field of HIV/AIDS, Peace Building, Climate Change, Gender Justice, Rights of Indigenous Peoples and experience with cross border partners in Myanmar who are working on HIV/AIDS intervention especially on capacity building. CSD is creating different unit to enable to fulfill its objective, goal, vision and mission. Our Gender desk unit is closely working with different women groups on women empowerment, gender justice and Crime against women. It is providing accompaniment to violence against women and gender victims. Networking unit is looking for equity distribution of schemes which are under the government, lobbying to different Govt. departments at various levels with its POs network and enabling the poor and marginalized section of the people to get their shares. HIV Unit and drug rehabilitation centre is addressing the issues of HIV/AIDS, drugs base on human rights approaches, rehabilitation, counseling to gender violence, drug victims and sex workers. In the meantime building capacity among the CSD team, partner's organizations and people is still ongoing process to enable faces different challenges and needs. We are also working with the survivors of landmine victims for their rights to survival mandated in the principles of Local Capacity for Peace (LCP). A number of workshops on LCP, peace building, gender, Climate changes, HIV/AIDS, Human right under the Indian constitution and International Law etc were organized in different places of Manipur and NE region.
2. CSD approach is to capacitate and strengthen the community organization through mass mobilization process on the child rights issues in Manipur. Process will include training, workshop, interface meeting with service provider etc. CSD had focused the child right issue on Child Labour, Drop Out, failure of institution related with the development of the children. CSD team is working closely with other stakeholder like HTC, MCM, MMC and other CBOs. CSD will facilitate the interface activities in between the Volunteer and service provider like ASHA, ICDS worker, elected member and government Department etc. the purpose of interface activity is to advocate and lobby the government for effective delivery mechanism for the protection of Children.
3. CSD will also approach to the policy influence at state level to understand the child rights issues of the operational areas and also beyond the areas. It will mobilize the stakeholder at state level through interface, consultation, workshop programs. At the same time attempt will be taken to recognize the fact finding visit at community with the help of media person to highlight the child rights violation.
4. The second wave of covid-19 also hit Manipur hard with cases rising every day. Second total lockdown was imposed in the state from May 2021 till August 2021. Daily wage earners including vegetable vendors, rickshaw drivers , construction workers, fish sellers,

private school teachers, van drivers were all affected during this hard time economically and mentally.

5. As there were General Election in Manipur, poll related violence could be observed in various places of Manipur. It could be that there were 67 cases of poll related violence which claimed the lives of innocent civilians, injuring many others and houses were gutted down. It is very unfortunate that the candidates fighting for the election are instigating their supporters to indulged in violence. In all these violence very important area which could be observed is the freely available of small arms beside the government imposed the small arms license holder to hand over the arms in the nearest police stations.
